## Insect feeding inquiry document

Foreword: We are a manufacturer of production equipment for insect fattening. We can therefore not provide information on possible sources of supply or sales channels for insect larvae.

Fields marked with * a	re mandatory				
*Type of insects:	Mealworm		□ Black Soldier Fly		
*Type of insect production:			□ Breeding		□ Fattening
[for pure fattening] Ty	pe of larvae tob e used in produc	tion:			
			□ Neonates □ 5 days larvae		
*Planned annual production capacity in fresh mass[to]:					
*How many days per week should be produced:					
*How many production shifts per day are aimed for:					
*Duration of a product	tion shift [h]:				
*Level of automation:		Ma	inuel	Aut	tomatic
	Crate unstacking:				
	Feed preparation:				
	Feed dosage:				
	Larvae dosage:				
	Frass discharge:				
	Crate stacking:				
	Crate transport climate chambe	er:			
*Are residues feed?		□ Yes		□ No	
Which residues are feed:					
*Is there already a building?		🗆 Yes		🗆 No
